for use with LED drivers

## Simplicity® LED Controllers

HUNT Dimming manufactures an extensive line of LED controllers for use with most controllable LED drivers.

These LED controllers provide linear lighting control from 100% to 1% of rated lumen output and are available in single-pole or 3-way designs for both 120V and 277V applications.

HUNT's *Simplicity*® LED controllers are specification-grade, preset slide wallbox controllers for use in any premium performance application.
